

SNOW CREEK

JUNE 26, 2019

GREETINGS FROM SNOW CREEK

We are in the process of installing utilities and paving our final phase of development and a number of homes are already under construction in phase 2, which was recently completed. Phase 3 is our final phase and there will be no additional lots built in Snow Creek.

We started the month of May with a total inventory of 40 lots in Unit 2, and lot sales are taking place at a brisk pace. Since the beginning of May, we have sold 17 lots which leaves only 23 lots remaining.

There are a number of choice lots still available but that number is shrinking rapidly and there will be no additional lots built in Snow Creek.

Remember that you can purchase for cash (with a discount) or on terms and there is no requirement to build immediately.

High quality lots in the Show Low / Pinetop area are getting scarcer by the month and we expect this to continue. Aside from Snow Creek, we know of no other similar quality developments under construction or starting in the near future.

Following is a link to a new video we just finished that will give you an overview of new activities in Snow Creek. <https://snowcreekaz.com/snow-creek-videos-home-tours-and-slideshows/>

We are excited about the way Snow Creek is transforming into a community of neighbors with over 50 homes completed or underway. Over 100 people attended our annual Memorial Day picnic and it was a great success.

If you are still thinking about purchasing, call or come see us and we will be happy to show you our remaining inventory. Contact our sales office at 928-532-0532.
